

## 2018 Quality Performance Results

| Domain                           | ACO Measure #      | Measure Title   | ACO Performance Rate | Mean Performance Rates for all NGACOs |
|----------------------------------|--------------------|---|----------------------|---------------------------------------|
| Patient/Caregiver Experience     | ACO-1              | CAHPS: Getting Timely Care, Appointments, and Information                                     | 84.60                | 86.37                                 |
|                                  | ACO-2              | CAHPS: How Well Your Providers Communicate  | 94.75                | 94.10                                 |
|                                  | ACO-3              | CAHPS: Patients' Rating of Provider   | 92.98                | 92.78                                 |
|                                  | ACO-4              | CAHPS: Access to Specialists  | 80.07                | 81.16                                 |
|                                  | ACO-5              | CAHPS: Health Promotion and Education   | 64.71                | 60.83                                 |
|                                  | ACO-6              | CAHPS: Shared Decision Making   | 67.58                | 61.11                                 |
|                                  | ACO-7              | CAHPS: Health Status/Functional Status  | 75.48                | 73.98                                 |
|                                  | ACO-34             | CAHPS: Stewardship of Patient Resources   | 25.00                | 25.29                                 |
| Care Coordination/Patient Safety | ACO-8              | Risk Standardized, All Condition Readmission  | 15.12                | 15.19                                 |
|                                  | ACO-35             | Skilled Nursing Facility 30-Day All-Cause Readmission measure (SNFRM)                         | 17.81                | 19.02                                 |
|                                  | ACO-36             | All-Cause Unplanned Admissions for Patients with Diabetes [2]                                 | 32.53                | 36.88                                 |
|                                  | ACO-37             | All-Cause Unplanned Admissions for Patients with Heart Failure                                | 69.87                | 78.83                                 |
|                                  | ACO-38             | All-Cause Unplanned Admissions for Patients with Multiple Chronic Conditions                  | 53.68                | 60.02                                 |
|                                  | ACO-43             | Ambulatory Sensitive Condition Acute Composite (AHRO* Prevention Quality Indicator (POI #91)) | 1.69                 | 1.85                                  |
|                                  | ACO-12             | Medication Reconciliation Post-Discharge  | 57.61%               | 80.75%                                |
|                                  | ACO-13             | Falls: Screening for Future Fall Risk   | 41.37%               | 80.83%                                |
|                                  | ACO-44             | Use of Imaging Studies for Low Back Pain  | 73.68%               | 67.02%                                |
| Preventive Health                | ACO-14             | Preventive Care and Screening: Influenza Immunization   | 82.18%               | 71.39%                                |
|                                  | ACO-15             | Pneumonia Vaccination Status for Older Adults   | 74.04%               | 78.09%                                |
|                                  | ACO-16             | Preventive Care and Screening: Body Mass Index (BMI) Screening and Follow Up                  | 85.54%               | 72.05%                                |
|                                  | ACO-17             | Preventive Care and Screening: Tobacco Use: Screening and Cessation Intervention              | 85.00%               | 70.77%                                |
|                                  | ACO-18             | Preventive Care and Screening: Screening for Clinical Depression and Follow-up Plan           | 72.30%               | 65.96%                                |
|                                  | ACO-19             | Colorectal Cancer Screening   | 62.37%               | 71.87%                                |
|                                  | ACO-20             | Breast Cancer Screening   | 77.68%               | 73.80%                                |
|                                  | ACO-42             | Statin Therapy for the Prevention and Treatment of Cardiovascular Disease                     | 78.74%               | 79.17%                                |
| At-Risk Population Depression    | ACO-40             | Depression Remission at Twelve Months   | 20.00%               | 6.69%                                 |
| At-Risk Population Diabetes      | Diabetes Composite | Diabetes Composite (All or Nothing Scoring)   | 0.00%                | 47.93%                                |
|                                  | ACO-27             | Diabetes Mellitus: Hemoglobin A1c Poor Control  | 14.16%               | 15.42%                                |
|                                  | ACO-41             | Diabetes: Eye Exam  | 0.00%                | 52.93%                                |
| At-Risk Population Hypertension  | ACO-28             | Hypertension (HTN): Controlling High Blood Pressure   | 75.05%               | 74.28%                                |
| At-Risk Population IVD           | ACO-30             | Ischemic Vascular Disease (IVD): Use of Aspirin or Another Antithrombotic                     | 89.68%               | 88.11%                                |
